

1st Prize

“Most Innovative Project Award”

Innovation Research Lab Exhibition (IRLE) 2017 at
Friedrich-Alexander-Universität Erlangen-Nürnberg

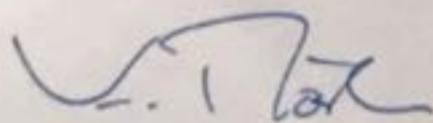

Name: Özgün Özsoy, Berk Yildiz, Aysema Koskos, Ebru Aydemir

Awarded Project: Nav-X Navigating Solutions

Innovation Research Lab at Central Institute of Healthcare Engineering, Friedrich-Alexander-Universität Erlangen-Nürnberg, Germany organized an exhibition (IRLE 2017) where the projects worked on by the students under supervision of their university and/or industry advisors were presented. Each project finalist had an own stand where the students exhibited the outcomes of their research to the guests.

46 teams from 21 universities worldwide presented their projects at the annual Innovation Research Lab Exhibition (IRLE 2016) in Erlangen, Germany. Invited guest jury from universities and industries and all the participating teams voted for the “Most Innovative Project Award”. The 3 best teams received prize money in total of €3000 (1st Prize €1500, 2nd Prize €1000, 3rd prize €500) and possibility to participate in “FAU – Siemens Healthcare Young Student Innovation Fellowships at Innovation Think Tank, Siemens Healthcare GmbH”.

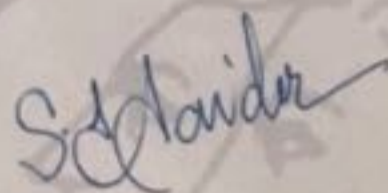

With this award, we would like to recognize the awarded team for their creativity and implementation effort. We wish the project team all the best for their future.
