CITATION INDEX

YAYINLARI

BAŞKENT ÜNİVERSİTESİ

Başkent Üniversitesi'nin Dünya Bilimine 2012 Yılı Katkıları

2012 yılında Üniversitemizin kuruluşundan itibaren temel amaçları olan, “eğitim ve öğretimde mükemmellik”, “araştırma ve yayında öncülük”, “toplumsal hizmeti varlık sebebi olarak görmek” dengeli ve iddialı olarak gerçekleştirmeye çalışılmıştır. Ülkelerin bilim ve teknolojideki gelişmişliğini ölçmenin en önemli unsurlarından biri uluslararası bilimsel atıf indeksleri olan SCI, SSCI, A&HCI'e giren yayın sayısıdır. Özellikle bu indekslerde yer alan makale sayıları ve bunların aldığı atıflar bilimsel üretim açısından son derece önem taşımaktadır. Aslında, “yayın” faaliyeti bir sonuç olarak, öğretim ve toplumsal hizmet hedeflerinin de gerçekleştirilmesine katkı yapan en önemli kalite ölçütüdür. Bu yönü ile ülkemizde de önem kazanmaya başlayan “üniversite akreditasyon sıralama” yöntemlerinde de yer almaya başlamıştır. Uluslararası sıralama sistemlerinden Leiden, Webometrics, Times THES ve URAP gibi uygulamaların tümünde yayın en önemli kalite ölçütü olma özelliğini korumaktadır. Başkent Üniversitesi akademisyenleri, kurucumuz Prof. Dr. Mehmet Haberal'ın başlangıçtan itibaren ilke olarak ortaya koyduğu “kaliteyi her konuda olduğu gibi “yayın” konusunda da ön planda tutma” beklentisi ile davranmaktadır. Bu nedenle, indekslenen yayınlar özel olarak izlenmekte ve bir araya getirilerek paylaşılmaktadır.

Ülkemizdeki üniversiteler bilimsel çalışmalarını ve akademik performanslarını her yıl ölçerek göstermektedirler. Bu bağlamda üniversitemizin yayın sayıları ve araştırma düzeyini gösteren bu çalışma ayrıca “Web of Science” verileri kullanılarak üniversitemizin uluslararası indekslerde taranan yayınlarını ve öğretim üyesi başına düşen yayın sayılarını da kapsamlı olarak göstermektedir. Web of Science veri tabanında ağırlıklı olarak İngilizce yayınlanmış dergiler, bildiri kitapları, özgün araştırma makaleleri, tartışmalar, raporlar, düzeltmeler, editör yazıları, kronolojiler, bilimsel toplantı özleri ve kitap eleştirileri yer almakta ve sosyal bilimler, uygulamalı bilimler, sanat ve beşeri bilimler alanındaki konuları kapsamaktadır.

2013 yılı Mart ayı itibari ile üniversitemiz kaynaklı tam makale (368),meeting abstract (45), proceeding paper (5), letter (39), review (18), editorial material (9), book review (15) olmak üzere toplam 499 yayın yapılmıştır. Bunların indekslere dağılımı, Science Citation Index Expanded'da (SCI-exp) 459, Social Science Citation Index'te (SSCI) 40 ve Arts and Humanities Citation Index(AHCI)'te 18

yayın olmak üzere toplam 517 yayın bulunmaktadır. Bu yayınların dökümüne bakıldığında; SCI-expanded'da 344, SSCI'te 33, AHCI'de 4 olmak üzere toplam 381 tam makale bulunduğu görülmüştür. Ancak 13 makalenin hem SCI, hem de SSCI tarafından taranmış olması dikkate alınarak gerçek makale sayısı 368 olarak kabul edilmiştir. Bu durumda öğretim üyesi başına düşen net makale sayısı 0,61 olmaktadır. 5 proceeding paper doküman türü hem article hem de proceeding paper olarak görüldüğünden 499 yayından 5 yayın çıkarılmakta ve net yayın sayısı 494 olmaktadır.

Başkent Üniversitesi'nin Tıp alanındaki SCI yayın öncülüğü son yıllarda Diş Hekimliği, Sağlık Bilimlerinde de sürdürülmüştür. 2012 yılı yayın listelerimiz Dünyadaki gelişmelere paralel olarak SCOPUS veri tabanına göre de düzenlenerek, Web of Science indeksleri ile paralel incelemeye alınmıştır.

SciVerse Scopus bibliyometrik araçlarla birlikte araştırmayı izlemeye, analiz etmeye ve görselleştirmeye yarayan; hakemli yayınlardan oluşan en büyük özet ve atıf veritabanıdır. Sanat ve insani bilimlerin yanı sıra fen bilimleri, teknoloji, tıp ve sosyal bilimler alanında bütün dünyadan 5000'in üzerindeki yayıncının 18,500'ün üzerindeki dergisini kapsar. Scopus %70'i 1996'dan beri yayınlanmış özetler ve oldukça geniş kaliteli web sayfaları ve patent bilgisi olmak üzere 43 milyon kayıt içerir. 2013 yılı başı itibari ile üniversitemiz kaynaklı tam makale (407), article in press (41), letter (38), review (24), conference paper (18), editorial (4), note(2), short survey (2), erratum (1) olmak üzere toplam 537 yayın yapılmıştır.

Üniversitemiz kurucusu Prof. Dr. Mehmet Haberal'ın belirlediği ilkeler doğrultusunda öğretim elemanlarımızın kendilerini geliştirmeleri için yurtiçi ve yurtdışı her tür bilimsel toplantıya katılımları her yönden desteklenmektedir. Bizlere düşen, “bilimi kendisinde toplayıp Dünya'ya dağıtma” sloganı ile yola çıkan Üniversitemizde yayın ölçütü ile ilgili olarak da geleneksel yerini korumak ve yükseltmektir.

Prof. Dr. Kenan ARAZ
Rektör

2012 SCOPUS YAYINLARI

BAŞKENT ÜNİVERSİTESİ

Başkent Üniversitesi'nin Dünya Bilimine 2012 Yılı Katkıları

2012 yılında Üniversitemizin kuruluşundan itibaren temel amaçları olan, “eğitim ve öğretimde mükemmellik”, “araştırma ve yayında öncülük”, “toplumsal hizmeti varlık sebebi olarak görmek” dengeli ve iddialı olarak gerçekleştirmeye çalışılmıştır. Ülkelerin bilim ve teknolojideki gelişmişliğini ölçmenin en önemli unsurlarından biri uluslararası bilimsel atıf indeksleri olan SCI, SSCI, A&HCI'e giren yayın sayısıdır. Özellikle bu indekslerde yer alan makale sayıları ve bunların aldığı atıflar bilimsel üretim açısından son derece önem taşımaktadır. Aslında, “yayın” faaliyeti bir sonuç olarak, öğretim ve toplumsal hizmet hedeflerinin de gerçekleştirilmesine katkı yapan en önemli kalite ölçütüdür. Bu yönü ile ülkemizde de önem kazanmaya başlayan “üniversite akreditasyon sıralama” yöntemlerinde de yer almaya başlamıştır. Uluslararası sıralama sistemlerinden Leiden, Webometrics, Times THES ve URAP gibi uygulamaların tümünde yayın en önemli kalite ölçütü olma özelliğini korumaktadır. Başkent Üniversitesi akademisyenleri, kurucumuz Prof. Dr. Mehmet Haberal'ın başlangıçtan itibaren ilke olarak ortaya koyduğu “kaliteyi her konuda olduğu gibi “yayın” konusunda da ön planda tutma” beklentisi ile davranmaktadır. Bu nedenle, indekslenen yayınlar özel olarak izlenmekte ve bir araya getirilerek paylaşılmaktadır.

Ülkemizdeki üniversiteler bilimsel çalışmalarını ve akademik performanslarını her yıl ölçerek göstermektedirler. Bu bağlamda üniversitemizin yayın sayıları ve araştırma düzeyini gösteren bu çalışma ayrıca “Web of Science” verileri kullanılarak üniversitemizin uluslararası indekslerde taranan yayınlarını ve öğretim üyesi başına düşen yayın sayılarını da kapsamlı olarak göstermektedir. Web of Science veri tabanında ağırlıklı olarak İngilizce yayınlanmış dergiler, bildiri kitapları, özgün araştırma makaleleri, tartışmalar, raporlar, düzeltmeler, editör yazıları, kronolojiler, bilimsel toplantı özleri ve kitap eleştirileri yer almakta ve sosyal bilimler, uygulamalı bilimler, sanat ve beşeri bilimler alanındaki konuları kapsamaktadır.

2013 yılı Mart ayı itibari ile üniversitemiz kaynaklı tam makale (368),meeting abstract (45), proceeding paper (5), letter (39), review (18), editorial material (9), book review (15) olmak üzere toplam 499 yayın yapılmıştır. Bunların indekslere dağılımı, Science Citation Index Expanded'da (SCI-exp) 459, Social Science Citation Index'te (SSCI) 40 ve Arts and Humanities Citation Index(AHCI)'te 18

yayın olmak üzere toplam 517 yayın bulunmaktadır. Bu yayınların dökümüne bakıldığında; SCI-expanded'da 344, SSCI'te 33, AHCI'de 4 olmak üzere toplam 381 tam makale bulunduğu görülmüştür. Ancak 13 makalenin hem SCI, hem de SSCI tarafından taranmış olması dikkate alınarak gerçek makale sayısı 368 olarak kabul edilmiştir. Bu durumda öğretim üyesi başına düşen net makale sayısı 0,61 olmaktadır. 5 proceeding paper doküman türü hem article hem de proceeding paper olarak görüldüğünden 499 yayından 5 yayın çıkarılmakta ve net yayın sayısı 494 olmaktadır.

Başkent Üniversitesi'nin Tıp alanındaki SCI yayın öncülüğü son yıllarda Diş Hekimliği, Sağlık Bilimlerinde de sürdürülmüştür. 2012 yılı yayın listelerimiz Dünyadaki gelişmelere paralel olarak SCOPUS veri tabanına göre de düzenlenerek, Web of Science indeksleri ile paralel incelemeye alınmıştır.

SciVerse Scopus bibliyometrik araçlarla birlikte araştırmayı izlemeye, analiz etmeye ve görselleştirmeye yarayan; hakemli yayınlardan oluşan en büyük özet ve atıf veritabanıdır. Sanat ve insani bilimlerin yanı sıra fen bilimleri, teknoloji, tıp ve sosyal bilimler alanında bütün dünyadan 5000'in üzerindeki yayıncının 18,500'ün üzerindeki dergisini kapsar. Scopus %70'i 1996'dan beri yayınlanmış özetler ve oldukça geniş kaliteli web sayfaları ve patent bilgisi olmak üzere 43 milyon kayıt içerir. 2013 yılı başı itibari ile üniversitemiz kaynaklı tam makale (407), article in press (41), letter (38), review (24), conference paper (18), editorial (4), note(2), short survey (2), erratum (1) olmak üzere toplam 537 yayın yapılmıştır.

Üniversitemiz kurucusu Prof. Dr. Mehmet Haberal'ın belirlediği ilkeler doğrultusunda öğretim elemanlarımızın kendilerini geliştirmeleri için yurtiçi ve yurtdışı her tür bilimsel toplantıya katılımları her yönden desteklenmektedir. Bizlere düşen, “bilimi kendisinde toplayıp Dünya'ya dağıtma” sloganı ile yola çıkan Üniversitemizde yayın ölçütü ile ilgili olarak da geleneksel yerini korumak ve yükseltmektir.

Prof. Dr. Kenan ARAZ
Rektör
