

2017 Yılında Başkent Üniversitesi'nin Dünya Bilimine Katkıları

2017 yılında, Üniversitemizin kuruluşundan itibaren “eğitim ve öğretimde mükemmellik”, “arastırma ve yayında öncülük”, “toplumsal hizmeti varlık sebebi olarak görmek” temel amaçları dengeli ve iddialı olarak gerçekleştirmeye çalışılmıştır. Ülkelerin bilim ve teknolojideki gelişmişliğini ölçmenin en önemli unsurlarından biri uluslararası bilimsel atıf indeksleri olan SCI, SSCI, A&HCI, ESCI'e giren yayın sayısıdır. Özellikle bu indekslerde yer alan makale sayıları ve bunların aldığı atıflar bilimsel üretim açısından son derece önem taşımaktadır. Aslında, “yayın” faaliyeti bir sonuç olarak, öğretim ve toplumsal hizmet hedeflerinin de gerçekleştirilemesine katkı yapan en önemli kalite ölçütüdür. Bu yönü ile ülkemizde de önem kazanmaya başlayan “üniversite akreditasyon ve sıralama” sistemleri de kullanılmaya başlamıştır. Uluslararası sıralama sistemlerinden Leiden, Webometrics, Times THES ve URAP gibi uygulamaların tümünde yayın en önemli kalite ölçüdü olma özelliğini korumaktadır. Başkent Üniversitesi akademisyenleri, Başkent Üniversitesi kurucusu ve yönetim üst kurulu başkanı Prof. Dr. Mehmet Haberal'ın başlangıçtan itibaren ilke olarak ortaya koyduğu “kaliteyi her konuda olduğu gibi “yayın” konusunda da ön planda tutma” beklentisi ile davranmaktadır. Bu nedenle, indekslenen yayınlar özel olarak izlenmekte ve bir araya getirilerek paylaşılmaktadır.

Dünyadaki gelişmelerin dışında kalmamak da, eğitim, özellikle de yükseköğretim ile gerçekleşebilecektir. Bugün ülkemizde; birçok üniversite kurulmuş, bu üniversitelerin büyük bir bölümü Atatürk'ün gösterdiği hedefler doğrultusunda asrin medeniyet düzeyine ulaşmış, hatta bazı konularda dünyadaki ilklerin gerçekleşmesini sağlamıştır. Bütün bunlar, ülkemizdeki öğretim üyelerinin ulaştıkları düzeyin birer göstergesidir. Ülkemizin bu durumunu pekiştirmek ve dünyada ulaştığımız düzeyi daha da geliştirmek, bugüne kadar olduğu gibi, bundan sonra da üniversite öğretim üyelerinin yükseltme ve atanmalarında çağın gerektirdiği kriterlerin kullanılıp uygulanmasıyla mümkün olacaktır. Ülkemizdeki üniversiteler bilimsel çalışmalarını ve akademik performanslarını her yıl öncerek göstermektedirler. Bu bağlamda üniversitemizin yayın sayıları ve araştırma düzeyini gösteren bu çalışma ayrıca “Web of Science” verileri kullanılarak üniversitemizin uluslararası indekslerde taranan yayınlarını ve öğretim üyesi başına düşen yayın sayılarını da kapsamlı olarak göstermektedir. Web of Science veri tabanında ağırlıklı olarak İngilizce yayınlanmış dergiler, bildiri kitapları, özgün araştırma makaleleri, tartışmalar, raporlar,

düzeltmeler, editör yazıları, kronolojiler, bilimsel toplantı özetleri ve kitap eleştirileri yer almaktır ve sosyal bilimler, uygulamalı bilimler, sanat ve beşeri bilimler alanındaki konuları kapsamaktadır.

2018 yılı Mart ayı sonu itibariyle, 2017 yılında yayınlanan ve Web of Science'da yer alan üniversitemiz kaynaklı; article (**501**), meeting abstract (**128**), letter (**46**), proceedings paper (**22**)*, editorial material (**18**), review (**16**), book review (**11**), correction (**2**), early access (**2**)**, biographical item (**1**) ve retraction (**1**) olmak üzere toplam **724** yayın yapılmıştır (*Proceedings paper, aynı zamanda article sayısı içerisinde yer almaktadır. **Early Access, aynı zamanda article sayısı içerisinde yer almaktadır.).

Bunların indekslere dağılımı, Science Citation Index Expanded'da (SCI-exp) **537**, Social Science Citation Index'te (SSCI) **34**, Arts and Humanities Citation Index (A&HCI)'te **8** ve Emerging Sources Citation Index (ESCI)'de **166** yayın olmak üzere toplam **745** yayın bulunmaktadır.

Bu yayınların dökümüne bakıldığından; SCI-exp'da **351**, SSCI'te **25**, A&HCI'de **6** ve ESCI'de **132** olmak üzere toplam **514** tam makale bulunduğu görülmüştür. Ancak **10** makalenin hem SCI, hem de SSCI ve **3** makalenin de hem SSCI hem de A&HCI tarafından taranmış olması dikkate alınarak net makale sayısı **501** olarak kabul edilmiştir.

Başkent Üniversitesi'nin Tıp alanındaki SCI yayın öncülüğü son yıllarda Diş Hekimliği, Sağlık Bilimlerinde de sürdürülmüştür. 2012 yılından itibaren de yayın listelerimiz dünyadaki gelişmelere paralel olarak SCOPUS veri tabanına göre de düzenlenerek, Web of Science indeksleri ile eş zamanlı incelemeye alınmıştır.

SciVerse Scopus bibliyometrik araçlarla birlikte araştırmayı izlemeye, analiz etmeye ve görselleştirmeye yarayan; hakemli yayınlardan oluşan en büyük özeti ve atıf veri tabanıdır. Sanat ve insani bilimlerin yanı sıra fen bilimleri, teknoloji, tıp ve sosyal bilimler alanında bütün dünyadan 5000'in üzerindeki yayıcının 30,000'ün üzerindeki dergisini kapsar. Scopus %70'i 1996'dan beri yayınlanmış özeler ve oldukça geniş kaliteli web sayfaları ve patent bilgisi olmak üzere 43 milyonun üzerinde kayıt içerir. 2018 yılı Mayıs ayı sonu itibariyle 2017 yılına ait

üniversitemiz kaynaklı article (474), article in press (26), letter (42), review (17), conference paper (47), book chapter (11), editorial (2), note (4), short survey (1), erratum (3) ve retracted (1) olmak üzere toplam 628 yayın yapılmıştır.

Üniversitemiz kurucusu ve yönetim üst kurulu başkanı Prof. Dr. Mehmet Haberal'ın belirlediği ilkeler doğrultusunda öğretim elemanlarımızın kendilerini geliştirmeleri için yurt içi ve yurt dışı her tür bilimsel toplantıya katılımları her yönden desteklenmektedir. Bizlere düşen, "bilimi kendisinde toplayıp Dünya'ya dağıtma" sloganı ile yola çıkan Üniversitemizde yayın ölçütü ile ilgili olarak da geleneksel yerini korumak ve yükseltmektir.

Prof. Dr. Ali Haberal

Rektör
