BAŞKENT ÜNİVERSİTESİ

**bilim bizde toplanır
bizden yayılır**

**2016
SCOPUS
YAYINLARI**

2016 Yılında Başkent Üniversitesi'nin Dünya Bilimine Katkıları

2016 yılında, Üniversitemizin kuruluşundan itibaren “eğitim ve öğretimde mükemmellik”, “araştırma ve yayında öncülük”, “toplumsal hizmeti varlık sebebi olarak görmek” temel amaçları dengeli ve iddialı olarak gerçekleştirmeye çalışılmıştır. Ülkelerin bilim ve teknolojiadaki gelişmişliğini ölçmenin en önemli unsurlarından biri uluslararası bilimsel atıf indeksleri olan SCI, SSCI, A&HCI, ESCI’ye giren yayın sayısıdır. Özellikle bu indekslerde yer alan makale sayıları ve bunların aldığı atıflar bilimsel üretim açısından son derece önem taşımaktadır. Aslında, “yayın” faaliyeti bir sonuç olarak, öğretim ve toplumsal hizmet hedeflerinin de gerçekleştirilmesine katkı yapan en önemli kalite ölçütüdür. Bu yönü ile ülkemizde de önem kazanmaya başlayan “üniversite akreditasyon ve sıralama” sistemleri de kullanılmaya başlamıştır. Uluslararası sıralama sistemlerinden Leiden, Webometrics, Times THES ve URAP gibi uygulamaların tümünde yayın en önemli kalite ölçütü olma özelliğini korumaktadır. Başkent Üniversitesi akademisyenleri, Başkent Üniversitesi kurucusu ve yönetim üst kurulu başkanı Prof. Dr. Mehmet Haberal’ın başlangıçtan itibaren ilke olarak ortaya koyduğu “kaliteyi her konuda olduğu gibi “yayın” konusunda da ön planda tutma” beklentisi ile davranmaktadır. Bu nedenle, indekslenen yayınlar özel olarak izlenmekte ve bir araya getirilerek paylaşılmaktadır.

Dünyadaki gelişmelerin dışında kalmamak da, eğitim, özellikle de yükseköğretim ile gerçekleştirebilecektir. Bugün ülkemizde; birçok üniversite kurulmuş, bu üniversitelerin büyük bir bölümü Atatürk’ün gösterdiği hedefler doğrultusunda asrın medeniyet düzeyine ulaşmış, hatta bazı konularda dünyadaki ilklerin gerçekleşmesini sağlamıştır. Bütün bunlar, ülkemizdeki öğretim

üyelerinin ulaştıkları düzeyin birer göstergesidir. Ülkemizin bu durumunu pekiştirmek ve dünyada ulaştığımız düzeyi daha da geliştirmek, bugüne kadar olduğu gibi, bundan sonra da üniversite öğretim üyelerinin yükseltme ve atanmalarında çağın gerektirdiği kriterlerin kullanılıp uygulanmasıyla mümkün olacaktır.

Ülkemizdeki üniversiteler bilimsel çalışmalarını ve akademik performanslarını her yıl ölçerek göstermektedirler. Bu bağlamda üniversitemizin yayın sayıları ve araştırma düzeyini gösteren bu çalışma ayrıca “Web of Science” verileri kullanılarak üniversitemizin uluslararası indekslerde taranan yayınlarını ve öğretim üyesi başına düşen yayın sayılarını da kapsamlı olarak göstermektedir. Web of Science veri tabanında ağırlıklı olarak İngilizce yayınlanmış dergiler, bildiri kitapları, özgün araştırma makaleleri, tartışmalar, raporlar, düzeltmeler, editör yazıları, kronolojiler, bilimsel toplantı özetleri ve kitap eleştirileri yer almakta ve sosyal bilimler, uygulamalı bilimler, sanat ve beşeri bilimler alanındaki konuları kapsamaktadır.

2017 yılı Mart ayı sonu itibariyle, 2016 yılında yayınlanan ve Web of Science’da yer alan üniversitemiz kaynaklı; makale (491), letter (47), editorial material (20), meeting abstract (80), review (18), correction (1), book review (10) olmak üzere toplam 667 yayın yapılmıştır.

Bunların indekslere dağılımı, Science Citation Index Expanded’da (SCI-exp) 505, Social Science Citation Index’te (SSCI) 34, Arts and Humanities Citation Index (A&HCI)’te 11 ve Emerging Sources Citation Index (ESCI) 138 yayın olmak üzere toplam 688 yayın bulunmaktadır.

Bu yayınların dökümüne bakıldığında; SCI-exp’da 360, SSCI’te 31, A&HCI’de 5 ve ESCI’de 114 olmak üzere toplam 510 tam makale bulunduğu görülmüştür. Ancak 17 makalenin hem SCI, hem de SSCI, 1 makalenin hem SCI hem de A&HCI, başka 1 makalenin

de hem SSCI hem de A&HCI tarafından taranmış olması dikkate alınarak net makale sayısı 491 olarak kabul edilmiştir.

Başkent Üniversitesi’nin Tıp alanındaki SCI yayın öncülüğü son yıllarda Diş Hekimliği, Sağlık Bilimlerinde de sürdürülmüştür. 2012 yılından itibaren de yayın listelerimiz Dünyadaki gelişmelere paralel olarak SCOPUS veri tabanına göre de düzenlenerek, Web of Science indeksleri ile eş zamanlı incelemeye alınmıştır.

SciVerse Scopus bibliyometrik araçlarla birlikte araştırmayı izlemeye, analiz etmeye ve görselleştirmeye yarayan; hakemli yayınlardan oluşan en büyük özet ve atıf veritabanıdır. Sanat ve insani bilimler yanı sıra fen bilimleri, teknoloji, tıp ve sosyal bilimler alanında bütün dünyadan 5000’in üzerindeki yayıncının 30,000’ün üzerindeki dergisini kapsar. Scopus %70’i 1996’dan beri yayınlanmış özetler ve oldukça geniş kaliteli web sayfaları ve patent bilgisi olmak üzere 43 milyonun üzerinde kayıt içerir. 2017 yılı mart ayı sonu itibariyle 2016 yılına ait üniversitemiz kaynaklı tam makale (495), article in press (41), letter (44), review (12), conference paper (32), book chapter (3), editorial (4), note (10), short survey (1), erratum (1) olmak üzere toplam 643 yayın yapılmıştır.

Üniversitemiz kurucusu ve yönetim üst kurulu başkanı Prof. Dr. Mehmet Haberal’ın belirlediği ilkeler doğrultusunda öğretim elemanlarımızın kendilerini geliştirmeleri için yurtiçi ve yurtdışı her tür bilimsel toplantıya katılımları her yönden desteklenmektedir. Bizlere düşen, “bilimi kendisinde toplayıp Dünya’ya dağıtma” sloganı ile yola çıkan Üniversitemizde yayın ölçütü ile ilgili olarak da geleneksel yerini korumak ve yükseltmektir.
